## MINING NOTES.

There is little new to note in mining matters in this district this week. Shipments of ore and bullion continue regularly and the same amount of men are at work.

The mill continues to run steadily and the output of fine bullion continues in a manner quite satisfactory to all concerned.

The Vizina continues to produce sufficient good ore to supply the mill. Work continues on the Rattling Boy with favorable results.

The Emerald continues its usual shipments.

The Big Comet is making regular shipments and is steadily improving. Regular shipments continue from the mines of the Tombstone M. &amp; M. company.

Assessment work is being done on numerous undeveloped claims and many of them show up good streaks of ore.

The sale of the Old Guard during the week is thought by many to mean a resumption of work immediately after the next term of district court.

The El Paso Bullion says: For several days a report has been circulated that rich placer gold fields have been discovered about thirty miles southwest of Yuleta, in Mexico. The facts of the case are these: About a week ago a Mexican shoemaker living in Yuleta returned home after quite an absence and exhibited a large quantity of placer gold. When he attempted to return he was followed by a large number of his countrymen. As yet none of them have returned and the report has not been verified. The Bullion does not give credence to sensational reports and would therefore advise all prospectors to wait until more reliable information is obtained.

G. W. Seaverns and wife left yesterday for El Paso, to remain for several days.

The usual pleasant weekly soiree will be given at Mining Exchange Hall to-night. Mr. Shepperd also announces that a grand masquerade will be given under his management at Mining Exchange Hall on Christmas eve.

The Cowles' Electric Smelting and Aluminum company made a very nice exhibit at the Paris Exposition, yet, notwithstanding, the novelty and importance of their process has given to the Cowles Bros. a gold medal.

It is reported that fire has destroyed the Tonawanda iron and steel works at Tonawanda, New York. This is the concern that started up a few weeks ago, after being idle for a long period.

The Rev. J. McIntire, formerly of Tombstone, and at present chaplain in the United States navy, will occupy the M. E. pulpit Sunday morning and evening. Rev. Mr. McIntire stands in the front rank as a thinker and pulpit orator. All are cordially invited. Services at 11 a. m. and 7:30 p. m.

Prizes for the best sustained character, the most comical make up and the most handsome dresses, for both ladies and gentlemen, making six prizes in all, will be given at the skating carnival on Christmas eve. The managers of the rink will spare no pains to make this carnival a repetition of the one on Thanksgiving evening.

Stevenson &amp; Walker are the authorized agents for Louisiana lottery tickets in this city. By investing \$1 you have a chance of winning a fortune.

## THANKSGIVING DAY.

How It Was Observed in Tombstone—The Supper at Mining Exchange Hall—The Skating Carnival.

Thursday was a beautiful day and nothing occurred to mar its enjoyment by our citizens. There was a total absence of games or matches of any kind, and the day was very quietly passed. During the afternoon the fair at Mining Exchange Hall drew many purchasers, and the supper in the evening was partaken of by a large number. The net profits of the fair and supper amounted to between \$140 and \$150, and will be of great assistance in purchasing a school library. The young ladies of the High School Society, who had the affair in charge, were nothing in their efforts to please and entertain their visitors, and were very successful. In the evening the most pleasant social gathering Tombstone has witnessed took place at the rink, being the skating carnival. About 300 people were present, and as the seating capacity of the rink is small standing room was soon at a premium. The floor presented a beautiful and bewildering appearance that was immensely enjoyed by those present. About fifty-five pairs of skates were in use, and the skaters were as a rule, very nicely gotten up and the skaters well sustained. The manager of the rink, in lady's attire, and one of our society belles, in gentleman's costume, battled all attempts at suggestion and were the best characters of the evening. The maskers controlled the floor until about 11 o'clock, when, in order to unmask was given, followed by the usual ludicrous results. A photograph by calcium light was taken of the maskers by Mr. Daily, as Mr. Fly was absent at Tucson. Dancing then commenced to the music of Vincent's band and continued till half-past 2 o'clock.

The managers are to be congratulated upon their successful efforts to please and entertain our amusement loving people, and they were justly rewarded. The carnival will be repeated on Christmas eve, and better arrangements will be made. More skates will be added and comfortable seats provided for those who attend as spectators.

Secretary Tracy has issued an advertisement for proposals for building the proposed steel gimboats, Nos. 5 and 6, of about 1,000 tons each, and for a steel practice vessel of about 800 tons, for the Annapolis Naval Academy, the proposals to be opened January 22, 1890. The cost of the gimboats (exclusive of speed premium) is limited to \$350,000 each, and that of the practice ship to \$200,000.

From the announcements this morning, we are to have two masquerade carnivals on Christmas eve—one at Mining Exchange Hall and one at the skating rink. We think it would be much better for all concerned if one of the managers would postpone his carnival until some future time. Who not agree to have one carnival on Christmas eve and the other on the 14th of February. Both would be largely attended and greatly enjoyed.

The Colorado Coal and Iron company, of Colorado, is reported to be putting its steel plant at Pueblo in shape to begin rolling steel rails again. The cost will be about \$200,000, and it is said the directors have not yet decided whether to negotiate a loan for the purpose or to use the proceeds of a real estate sales, which have realized within a short time over half a million.

## Pump Irrigation.

Mr. Johnny Hart was in the city yesterday from his ranch 18 miles south of Tucson, on the Santa Cruz. Mr. Hart has commenced to reclaim a large tract of land by means of water to be supplied from a well by pumps. He put in a pump last spring which will raise 1000 gallons of water per minute, and supply a sufficient quantity to flood forty acres of land per day, but this was not deemed sufficient, and a new pump has been ordered and is now being made, which will raise 4000 gallons of water per minute.

Mr. Hart has 640 acres of his land now cleared and ready for planting, and it was intended to plant the entire tract this year, but the manufacturers were unable to build the new pump in time to get it here. This pump will cost about \$5,000 and the freight, and Mr. Hart will be able to operate it at a cost of about \$5 per day, and he is sanguine that he can supply water for his land in this way at much less cost than he would have to pay for a like amount if under a canal.

He has a hundred photographs of the work he has done about his premises, and the results attained. He has a little over 2000 acres, and has a large number of fruit trees growing nicely, besides he has raised experimental crops this year of pumpkins, melons, beans, goober peas, etc., etc. He is enthusiastic on the pump irrigation proposition.—Tucson Citizen.

## The Chamber of Torture.

Is the apartment to which the unhappy sufferer from inflammatory rheumatism is confined. If, ere the crisis of pain is reached, that fine preventive, Hostetter's Stomach Bitters, is used by persons of a rheumatic tendency, much unnecessary suffering is avoided. Nervines, anodynes and sedatives, while having none but a specific effect, are yet very desirable at times. Yet can they produce no lasting effect upon rheumatism, because they have no power to eliminate from the blood the rheumatic virus. Hostetter's Stomach Bitters does this, and checks at the outset a disease which, if allowed to gain headway, it is next to impossible to dislodge or to do more than relieve. Rheumatism, it should be remembered, is a disease with a fatal tendency from its proneness to attack the heart. A resort to the Bitters should, therefore, be prompt. Dyspepsia, kidney complaint, malaria and nervousness are relieved by it.

## Attention, Windmill Men!

Parties desiring to purchase windmills will do well to investigate the merits of the Aeromotor, which is the latest improved, showing an increase of power of 35 per cent. A 12-foot wheel is guaranteed to do as much work as any 16-foot wooden wheel in the market. In all respects it represents the latest improvements of inventive skill. Among the incidents of childhood that stand out in bold relief, as our memory reverts to the days when we were young, none are more prominent than severe sickness. The young mother vividly remembers that it was Chamberlain's Cough Remedy cured her of croup, and in turn administers it to her own offspring and always with the best success. For sale by H. J. ## Summons.

In the Justice Court of precinct No. One, county of Cochise, Territory of Arizona.

Before John C. Easton, a Justice of the Peace.

Otto Mettke, plaintiff, vs. H. B. Maxson, defendant. Action on debt; complaint filed in my office and summons issued. The Territory of Arizona sends greeting: To H. B. Maxson, defendant—You are hereby summoned and required to appear at my office, in Precinct No. One, county of Cochise, Territory of Arizona, to answer the complaint of plaintiff, now on file in my office, within five days, should this summons be served upon you in this precinct; if served upon you without this precinct, but within this county, ten days; otherwise within twenty days (exclusive of the day of service) from the day this summons is served upon you.

This action is brought to recover a judgment against you for the sum of \$74.25 for work and services performed for you at your request, as alleged in plaintiff's complaint now on file in my office, to which you are referred for further particulars, and costs of suit; and you are hereby notified that should you fail to appear and answer within the time stated in this summons, the plaintiff will apply to the court for a judgment against you for said demand and all costs.

Given under my hand at my office in said precinct this 28th day of October, 1889.  
JOHN C. EASTON,  
Justice of the Peace.

## Constable's Sale.

By virtue of an execution issued out of Justice John C. Easton's Court, of Precinct No. 1, county of Cochise, Territory of Arizona, dated the 22d day of October, 1889, in a certain action wherein Amelia Tuquet, as plaintiff, recovered judgment against Frank Frary, defendant, for One Hundred and Eight dollars debt, and Fourteen and 40-100 dollars costs of suit, on the 21st day of October, 1889, I have levied upon the following described property, to-wit: First, on a certain mining location or claim in the Tombstone Mining district known as the Blue Mineral mine, situated about two miles south of Tombstone; second, on eleven sacks of ore at the mine; third, on said Frank Frary's interest in the partnership or association known as the Undertakers' Association of the city of Tombstone.

Notice is hereby given that on Wednesday, the 13th day of November, 1889, at 12 o'clock M. of that day, in front of the Court House in the city of Tombstone, county of Cochise, I will sell all the right, title and interest of Frank Frary in and to the above described property, at public auction, for cash in hand, to the highest and best bidder, to satisfy said execution and all costs.

Dated at Tombstone the 22d day of October, 1889.  
S. T. CARR, Constable.
